

## Occult and Ritual Significance of 911; Review of Sources

By the Webfairy (<http://thewebfairy.com/>)

Prelude by sender: The fire bombings of Dresden and Tokyo were Mass Immolations to Jahweh (Loki- God of deception and destructive fire). Alamagordo detonation was The Destruction of Primordial Matter. The Kennedy Assassination was the Death of the King. The WTC "offering" from a ritual magic viewpoint is doubtless just another step toward their "One world under Demiurgos with a watchful Eye for all". This must be nearing the conclusion of some sort of projected "Return" event, as predicted in their manipulative sacrificial mythology, leading to a completely centralized global plantation state.

### Webfairy's Review:

The site <http://www.odeion.org> , is information of interest to the same secret societies who find occult significance in numbers and astronomical events, just like the significances that keep turning up in conjunction with 911.

[http://www.stargods.org/GW\\_ActOfMagick.htm](http://www.stargods.org/GW_ActOfMagick.htm) Act of Magick

Richard Hoagland states in his "Who's The Enemy: -- The "End of Days" Begun?" article on the WTC 911 attack, it was an act of "magic" via ritual alignments, clearly with occult ceremonial, gematria, and numerological ritual "alignments" and signatures. This by definition would then mean that it was an act of mass ritual sacrifice, pure and simple, as Hoagland affirms with his statement of it being an act of "magic" see his article here

Here is just one quote from that lengthy analysis - "On the surface, United Flight 175, other than having 65 people on board (6+5=11), didn't seem to fit this numerological pattern (1+7+5=13). But, as we have seen, since all the previous flights contained deep symbolic significance (obviously now, carefully planned by the Assassins for their maximum magical effect), we intuitively felt that '175' somehow had to share in this common crucial pattern.

It was into this precise hyperspatial window that the modern Assassins methodically drove their aircraft- attempting with military precision (as we have seen) to use the horror and revulsion of the literally billions watching live on television to effect a direct change in the consciousness of humanity around the world directly assisted by the Physics."

Remember what Mustaf al-Amin said about the Assassins: they take pleasure in stealing the gnosis (life force) from their victims. In other words, they use conscious application via these critical celestial alignments of a practical Hyperdimensional Magic literally thousands of years old. We have always held that the alignment patterns are, at their core, Hyper-dimensional-- inextricably linked to the ruins at Cydonia as a shadowy reflection of a higher knowledge of arts, sciences and physics that we (as humans!) once commanded, of the Magic that we once wielded. But we have not been entirely positive in some instances whether the planning, or the incident comes first. While we did not yet know if the current occupants of the White House are as up on all aspects of this magical symbolism, we are unquestionably sure that the previous occupants were."

If you want further proof, beyond what Hoagland presents, of the occult, magickal symbolisms, gematria, and Illuminati signature behind this mass ritual sacrifice of over 3,000 innocent victims to the Gods of Egypt or Orion, Sirius, or Masonry, or Luciferianism, then you can reference these links for further analysis and proof:

This last link, unfortunately, contains only a third of the original information detailing the extensive and overwhelming amount of occult ritual gematria astrocartographical and Illuminati signature strewn throughout the WTC attack sequence, timing, symbolisms, and locations. It is also unfortunate that both the original website, HARD TRUTH WAKE UP AMERICA, and it's February 2002 back up website as once archived on:

<http://www.archive.org> is also strangely "absent" from the web. HARD TRUTH is planning a return to the web in coming months. This is so obvious to see, especially to those of us experienced with ritual magick. This is how it is done. This is how ritual works, using the correspondences, the gematria, numerology, symbols, timing, etc. It's something that our Masonic Illuminati ran government intelligence agencies do all the freaking time as demonstrated in this link:

<http://therev.topcities.com/tableofcoinc/tableofcoinc.htm>

Even Presidential Inauguration is a ritual alignment act by these obsessive ritualists, with access to this knowledge from NASA level intelligence and planning, if you can find Hoagland's *Millennium* article on that. Bush is a Skull and Bones member, another Luciferian organization; Luciferians

sacrifice their own members, as well as those outside the group. Bush has a lot of "skeletons" in his closet:

As for what 911 was really about, why not download a FREE MOVIE about it, and learn what is really going on with this Reichstag fire of Bushes: Go here for a free view of the entire *911 Road To Tyranny* Video and learn the FACTS: <http://stargods.org/>

Let's not be ignorant of the truth of who and what intent is behind 911 WTC attacks. If you carefully review the video, and the links given, it's so obvious that it was an intelligence operation in which high-level government officials HAD to be complicit with. It's really, as Dr. Horowitz pointed out so well, The Fourth Reich Rising:

[http://stargods.org/Fourth\\_Reich.htm](http://stargods.org/Fourth_Reich.htm)

Don't forget, Bush's Granddaddy Prescott Bush was busted by the U.S. Government for funding the Nazi's with millions in loans during WWII, and stopped.

More on the nazi connections. The Towers Attack Was Even ON an RAP ALBUM called the "COUP" four months before September here is the album cover, and COUP definition fits EXACTLY what it was, preplanned by our own intelligence ops...

<http://www.light1998.com/wtc/wtc.htm>

Look at that! Coincidence - no way - even a little red commie star in the upper right corner, the exact depiction of the towers exploding, and the perfect defining word for this "brilliant" strategy or "COUP". Bush is as innocent as a rogue Catholic Priest playing pedophile with the little boys, when it comes to foreknowledge or, at the very least, after the fact knowledge of the truth of WTC 911 acts. Oh, if that's not enough "coincidence" for you, which is actual proof that these "illumined ones" are tapping into demonic or extraterrestrial negativity or "intelligence" then view this bottom half of the page at this link

There it is, right there on a \$20 dollar bill, a little movie or pictograph, just fold it like so, and there's the WTC towers burning up, do it again, and there's the Pentagon on fire, and once more and there's OSAMA C.I.A. agent provocateur and fall guy. Anyone who thinks Bush was, or is not, unaware of the treasonous elements of complicity within our own government in these attacks is simply ignorant of the many facts surrounding the foreknowledge of our government of these events, it's overwhelming magickal and occult illuminati signature, following the same old NASA ritual alignment patterns Richard Hoagland points out so well in his many articles. The difference here is, it was a mass ritual sacrifice of human lives, burning to the fires, the smoke heaving up to the STAR GODZ of these ancient Egyptian secret societies, or Masons and such..... it's quite plain, and quite simple to see the evidence, it's all here in the links. The question is, understanding magick works (read up on Dr. Jack Parson's NASA Rocket scientist BABALON WORKING and Enochian involvements with Ron L. Hubbard, his black magician scribe and founder of the Church of Scientology

<http://www.mt.net/~watcher/bluey3.html>

Since such a massive sacrifice of so many innocents was performed in front of the world on T.V., what magickal childe will this most insidious seed produce? What fruit will bear forth from this blood ritual and blackest of magick fueled with sacrificial rites? Well, much of it is right here

<http://www.hermes-press.com/nonews.htm>

The loss of our freedoms, the coming economic woes and possible depression, World War 111, and all other kinds of evil goodies the "illuminated ones" have been planning for centuries, and there "overlord" negative entity contacts that they gain "intelligence" and guidance from. God gave some of us common sense to see this, to expose them. I hope the wise ones here spread the word, and help Wake Up America. Peace out ya'll Sam Johnson
